### **County seeks housing advisory committee members**

Snohomish County is seeking citizens to serve on its Housing and Community Development Technical Advisory Committee.

The county receives funds annually from the U.S. Department of Housing and Urban Development and is recruiting eligible persons to serve on a technical advisory committee to review applications for affordable housing, public facilities and public service projects that will benefit low-income and homeless individuals.

Meetings will be held three to four days per year during the next three years. Citizens and representatives from the following groups are needed: low income, homeless or formerly homeless, disabled, minority and senior citizens.

Individuals or agencies representing these groups may submit letters of interest. Include your name, address, home phone, work phone, category represented, areas of experience and reasons for wanting to serve.

Current and previous advisory committee members may apply. The deadline for applications is July 31. Letters should be sent to:
