

ACKNOWLEDGEMENTS

The formation of the 2012-2015 Area Plan involved participation by many individuals and organizations. LTCA would like to thank the Snohomish Health District, SnoGLOBE, Senior Services of Snohomish County, the Division of Housing and Community Services, the senior centers and others for partnering with us to expand the amount and type of information available about the concerns and interests of the county's older adults. In particular, we would like to thank the older adults, family caregivers, and other community members who took the time to share their experiences with us.

Another group deserves special recognition and appreciation for their contributions. The Snohomish County Council on Aging (COA) members served as a sounding board throughout the plan development process, providing feedback and advice. As they do throughout their terms, the COA members advocated for seniors and the services and opportunities that truly allow older adults to thrive in our community.

We also appreciate the contributions made by Human Services staff in the development of the plan. Special recognition goes to Robin Fenn, Constance Franks, and Lori Tomber.
