

Fast Track Inspections introduces another way to schedule inspections at Snohomish County

It's as easy as 1-2-3

1. Log onto www.mybuildingpermit.com
2. Click on **Inspections**
3. Click on **On-line Inspection Request**

The screenshot shows the MyBuildingPermit.com website. The navigation menu includes: How to Apply, Registration, Application, Permit Research, **Inspections**, and Code References. The date is 1 JULY 2008. A sidebar contains links for Home, Site Map, Contact Us, and Text Only View. A central text block describes MyBuildingPerm as an easy-to-use permitting portal. A pop-up window titled 'Inspection Request' is open, listing links for 'On-line Inspection Request for Bellevue, Issaquah, Kirkland, Snohomish County and Woodinville', 'Checking Status', and 'Requesting'. A '(close)' button is visible in the pop-up.

All you need is one of the following:

- The permit number
- The site address
- The contractor name
