

# Index-Galena Road Update

---

**We regret to inform you that it is unlikely that Jack's Pass or the upper portion of Index-Galena Road will be plowed this year.** WSDOT has advised us that, due to wear and tear on their equipment, they will be unable to assist us in keeping the route open. Snohomish County does not own equipment and does not have personnel trained to manage snow on a mountain pass. Rental equipment is virtually non-existent. Please be prepared for extended periods with no access to areas beyond milepost 6.4 on Index-Galena Road.

A design report to repair the washed out road between mileposts 6.4 and 6.9 will likely be available late 2010, and the final repair of damage at milepost 10.9 is expected to be completed late summer 2010.

Register on the project web page to receive e-mail notification when new information is posted: [www.snoco.org](http://www.snoco.org), type "Index-Galena" in the search box and follow the "subscribe to this page" link in the left-hand sidebar or call (425) 388-3789.

Thank you
