UTILITY PRE-DESIGN CONFERENCE

Per EDDS 8-04.A(1): "A pre-design conference is required with the Public Works' (DPW) Land Use Section (now PDS Traffic/Drainage Engineering) for any proposal to install utilities underground in any existing arterial road right-of-way or in more than 2000 feet of an existing non-arterial road right-of-way, excluding any activities covered by a blanket utility construction permit (Type D7) pursuant to SCC 13.60.020(7). Documentation of the pre-design conference shall be submitted with the right-of-way use permit application. Final approval of all utility installations within the road right-of-way rests with the Engineer."
