Subject: Certification of the Snohomish County Ground Water Management Plan

Dear Mr. Niemann:

Congratulations on the completion of the Snohomish County Ground Water Management Plan (GWMP). The Snohomish County GWMP is hereby certified as being consistent with the intent of Chapter 173-100 WAC, Ground Water Management Areas and Programs.

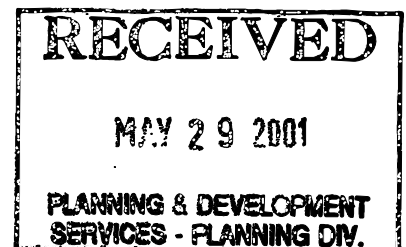

I know your staff has made a tremendous effort to complete this plan and. to secure the concurrence of local agencies and interested parties. The data and management alternatives in this plan will be essential tools for the protection and management of our groundwater resources.

I am sure that the preferred alternatives identified in the GWMP will be incorporated into watershed or habitat conservation plans for early implementation. Please call me at (360) 407-6602 if you have any questions.

Sincerely,

Joe Stohr, Manager  
Water Resources Program
